WHAT IS LOVE?

Love is not a fight but it’s something worth fighting for

- Warren Barfield -

Love is like a rubber bond and when someone lets go, it hurts the one who held on.

Love is an understatement: They haven’t invented a word yet for what I feel about you.

Love is a cycle: When you love, you get hurt. When you get hurt, you hate. When you hate, you try to forget. When you try to forget, you start missing. And when you start missing, you’ll eventually fall in love again.

Love...If you have it, you don’t need anything else...and if you don’t have it, it doesn’t matter much what else you have.
Everyone says that loves hurts, but that's not true. Loneliness hurts. Rejection hurts. Losing someone hurts. Everyone confuse these things with love but reality, love is the only thing in this world that covers up all the pain and makes us feel wonderful again.

Love isn't finding the perfect person; it's seeing an imperfect person perfectly.

Love me without fear. Trust me without wondering. Love me without restrictions. Want me without demand. Accept me how I am ♥

Love is: a reason for living, a reason for trying, and a reason for life

When two people are meant for each other, no time is too long, no distance is too far, no one can ever tear them apart.
Sometimes we let our love go unexpressed; especially towards those we love the best.

We come to love not by finding a perfect person, but by learning to see an imperfect person perfectly.

- Sam Keen, from To Love and Be Loved-

A person that truly loves you will never let you go, no matter how hard the situation is.

What is love? In math: an equation; in history: a war; in chemistry: a reaction; in art: a heart; in me: YOU.

Love is a language spoken by everyone but understood only by the heart.

I finally understood what true love meant...love meant that you care for another person's happiness more than your own, no matter how painful the choices you face might be."

- Nicholas Sparks-

Someday you’ll cry for me
Like I cried for you
Someday you’ll miss me
Like I miss you
Someday you’ll need me
Like I needed you
Someday you’ll love me...
But I won’t love you...
MESSAGE TO ALL GUYS: If you’re going to lie about why you’re breaking up with a girl AT LEAST come up with a GOOD LIE!

You cannot fly with broken wings and you cannot love with broken heart

Trying to forget someone you love is like trying to remember someone you never knew

“I think you still love me, but we can’t escape the fact that I’m not enough for you. I knew this was going to happen. So I’m not blaming you for falling in love with another woman. I’m not angry, either. I should be, but I’m not. I just feel pain. A lot of pain. I thought I could imagine how much this would hurt, but I was wrong.”

-Haruki Murakami-
If you give me a chance, or gave us a chance, I’d spend the rest of my life proving you that you made the right decision.
WISE WORDS ABOUT LOVE

We waste time looking for the perfect lover instead of creating the perfect love.

People were created to be loved. Things were created to be used. The reason why the world in chaos, is because things are being loved and people are being used.

They say it takes a minute to find a special person, an hour to appreciate them, a day to love them, but an entire lifetime to forget them.

The greatest thing you’ll ever learn is just to love and be loved in return.

Love shouldn’t be a secret. If you love someone, tell them. You will always regret if you don’t.

Distance is just a test to see how far love can travel.
A guy who truly loves his girl doesn’t need to unbutton her shirt to have a better view of her heart.

A wise person once told me that if a guy wants to be with a girl, he will make it happen, no matter what.

Don’t choose the one who is beautiful to the world. But rather, choose the one who makes your world beautiful.

Nobody is worth your tears, and the one who is won’t make you cry.

Have you ever wondered which hurts the most: saying something and wishing you had not, or saying nothing, and wishing you had?

Distance doesn’t matter if two hearts are loyal to each other.
Find a guy who calls you beautiful instead of hot, who calls you back when you hang up on him, who will lie under the stars and listen to your heartbeat, or will stay awake just to watch you sleep... Wait for the boy who kisses your forehead, who wants to show you off to the world when you are in track pants, who holds your hand in front of his friends, who thinks you’re just as pretty without makeup on. One who is constantly reminding you of how much he cares and how lucky he is to have YOU... The one who turns to his friends and says, "That’s her"....

You may not be her first, her last, or her only. She loved before she may love again. But if she loves you now, what else matters? She’s not perfect - you aren’t either, and the two of you may never be perfect together but if she can make you laugh, cause you to think twice, and admit to being human and making mistakes, hold onto her and give her the most you can. She may not be thinking about you every second of the day, but she will give you a part of her that she knows you can break - her heart. So don’t hurt her, don’t change her, don’t analyse and don’t expect more than she can give. Smile when she makes you happy, let her know when she makes you mad, and miss her when she’s not there.

- Bob Marley -
I was afraid of love, I thought love took time, like a fine wine aging in the cellar. I was wrong. Love is there from the moment you see that person, embrace it let it grow, follow your heart, not your mind.
COOL THINGS ABOUT LOVE

You really love him, don’t you? A simple psychological question, no name was mentioned but suddenly someone came into your mind

When I’m older and my daughter asks who my first love was, I don’t want to have to pull out the old photo album. I want to be able to point out across the room and say “He’s sitting right over there”

If you love someone put their name in a circle, not a heart, because hearts can be broken but circles go on forever!

According to Greek mythology humans were originally created with 4 arms 4 legs and a head with 2 faces. Fearing their power, Zeus split them into two separate parts, condemning them to spend their lives in search of their other halves.

Infatuation can hold the mind for a maximum of four months. If it exceeds that point, then you are already in love.

The spaces between your fingers were created so that another’s could fill them in.
